Mutual Aid Reimbursement System

## Project Update

### MARS Upgrade Improves Access to Agency Information

What's "new" in MARS? A new Agency Screen that will allow an administrator to:

- Enter and access agency information electronically
- Invite authorized personnel to view and update information
- Manage users that will have access to your agency

New data entry and retrieval screens mean less paper, fewer emails, and easier access to information.

**Coming Soon:** A look at salary surveys and agreements.

**Questions?** See the FAQs on the [MARS webpage](#), email [MARShelpdesk@caloes.ca.gov](mailto:MARShelpdesk@caloes.ca.gov) or call the Fire and Rescue main line at (916) 845-8711.

Authorized agency personnel can invite other users to view agency information.

Existing agency information will be migrated.

Authorized agency personnel can input and update the agency profile.
